Descrizione

irca
GROUP

Extraordinary
made simple.

superior quality dark coating for confectionery. It is based on fractionated vegetable fat with low melting point with consequent excellent palatability.

Denomination

dark coating for confectionery.

Directions for use

after gentle melting (45°C max.) NOBEL BITTER can be used as a high class couverture in mouldings or enrobing of confectionery and bakery products.

Tempering is not needed.

IMPORTANT: NOBEL BITTER cannot be mixed with pure chocolate and even minute amounts of water can spoil it developing a soapy taste.
