GROUP

Extraordinary  
made simple.

**Directions for use**

take the necessary quantity of mirror strawberry from the packaging, warm it up in the microwaves oven or in bain-marie at 45-50°C, then stir shortly without englobing air.

Place the sweets to be glazed on the proper grates and cover with mirror strawberry using a spatula and vibrate them lightly. Mirror strawberry can also be used with good results on flat surfaces without warming, in this case work shortly with a spatula before using it.
